

Limestone Community High School Band 2018 Summer and Fall Tentative Schedule

as of April 13, 2018

All performances are required to participate and are worth a test grade in the Marching Band course unless you have received prior approval from the Director. Rehearsals are also required. However, we understand that summers are a time for families to take vacations and various camps. ***We ask that you communicate any conflicts with us at least two weeks in advance. The only week that we cannot make exceptions is the band camp week.*** If a student misses this week, they will miss too much and not be able to catch up.
