- **Pep Band**

The Pep band will include all band kids. Since the drumline is required to be there for all performance it's easier if we just have all kids in one band. Have your student let me know if they are not able to be at one of the events. I would perform to hear from the parents but it is important that I am made aware if they are not going to attend. Attendance is part of their grade and a school requirement. If they are missing a pep band shirt please see Jeanie Towle or I to get it replaced. Some have been floating around the band room floor.
